MANAGEMENT DISCUSSION AND ANALYSIS

Industry Structure and Development

Non Banking Finance Companies (NBFC) sector in India is represented by a mix of a few large companies with nationwide presence and a few small and medium sized companies with regional focus, primarily engaged in hire purchase financing, investments, corporate loans, IPO funding, venture capital and other non-fund based activities etc. The Reserve Bank of India regulates and supervises these NBFCs.

Opportunities and Threats

The NBFCs are facing stiff competition from banks and financial institutions, due to the ability of Banks & FII's to raise low cost funds which enables them to provide funds at much cheaper rate. More stringent capital adequacy norms have been stipulated by RBI for NBFCs which is making difficult for them to give cheaper finance.

Segment-wise or Product-wise Performance

The Company is primarily engaged in the business of hire purchase, leasing and bill discounting and non-fund based activities. Since the risk and returns in these businesses are similar, therefore, these are grouped as a single segment. This is in accordance with the guiding principle enunciated in the Accounting Standard on Segment Reporting (AS- 17) issued by The Institute of Chartered Accountants of India.

Future Outlook

As the substantial liability towards outstanding fixed deposit stands liquidated under the Scheme of Arrangement and Compromise filed before the Hon'ble Delhi High Court and for the balance liability funds have been earmarked and kept aside in a trust as per the direction of Hon'ble Court, the Company would now look into the possibility of the expansion of existing businesses and entry into new areas would also be considered.

Your Company sees suitable opportunities in these business areas based on the expected growth rate of the economy and in particular high growth rate in the construction, infrastructure and agricultural areas which are your Company's areas of competence and involvement.

Risks and Concerns

High interest regime in the economy may act as a dampener in the business of financing. There is also stiff competition with entry of large players in the market.

Financial Performance

The loss for the year after tax adjustment for earlier years, amounts to Rs. 555.82 Lacs. The total accumulated losses at the end of the year amounted to Rs. 25495.40 Lacs.

Internal Control Systems And Their Adequacy

The Company's internal control systems are in place to serve the existing operations of the Company.

Human Resource and Industrial Relations

Your Directors relation at all levels with employees were cordial.

Cautionary Statement

Statements in this management discussion and analysis describing the Company's objectives, projections, estimates and expectations may be 'forward looking statements' within the meaning of applicable laws and regulations. Actual results may differ substantially or materially from those expressed or implied. Important developments that could affect the Company's operations are significant changes in political and economic environment in India, tax laws, RBI regulations, exchange rate fluctuation and other costs.

DIRECTORS

In terms of the provisions of the Companies Act, 1956 and the Articles of Association of the Company, Mr. Pritam Narang, Director retires by rotation at the ensuing Annual General Meeting of your Company, and being eligible, offers himself for re-appointment.

Particulars	31 st March 2012	31 st March 2011
Sales tax demands against the Company not acknowledged as debt and not provided for in respect of which the Company is in appeal.	2.93	2.93

22. Due to continued financial constraints the Company was not able to maintain investment in Government Securities as liquid assets in terms of Section 45-IB of Reserve Bank Of India Act, 1934.
23. The unpaid matured /unclaimed fixed deposit liability (including interest there on) amounting to Rs. 2,091.64 lacs as on 31st March 2012 (Rs. 3,244.69 lacs as on 31st March 2011) shall be met out of funds/assets of requisite value kept with Escorts Benefit Trust created by Escorts Limited in terms of direction of the Hon'ble Delhi High Court, issued while disposing off the Scheme of Compromise and Arrangement filed by the company along with Escorts Limited before the Hon'ble court vide which Escorts Limited had undertaken to bail out the fixed deposit holders and creditors of the Company.
24. Investments in securities amounting to Rs. 1.25 lacs (P.Y. Rs. 20.85 lacs) are currently in the process of being transferred in the name of the Company as the same has not been traceable in the records.
25. The Company had sold 48,99,300 Equity Shares of Rs. 10/- each of Escorts Assets Management Limited during the financial year 2002-03. These shares were not transferred in the name of buyer due to non-receipt of regulatory approvals. During the year, the transaction of sale has been annulled with mutual consent and consequently the investment in these shares has been restored in the books of accounts.
26. Due to paucity of funds and no fresh business having been conducted by Company, the minimum Capital Adequacy Ratio could not be maintained as required for Non-Banking Financial Companies.
27. The credit rating for the Fixed Deposits programme of the Company was revised in November, 2005 by CARE Limited to CARE (B) i.e. Susceptible to default. After submission of the Scheme of Compromise and Arrangement filed before the Hon'ble Delhi High Court, no rating has been sought thereafter.

29. The company has not carried out any fresh business as a Non- Banking Financial Institution (NBFI) during the year in view of the restrictions placed by Reserve Bank of India due to defaults in repayment of matured fixed deposits which happened due to large scale delinquencies in the hire purchase financing business. However the company continues to focus on recovery of such delinquent assets through settlement/compromise/legal action etc. The management is also exploring possibilities of establishing the company in the businesses other than NBFI and accordingly the accounts of the company have been prepared on going concern basis.
30. Consequent to large scale delinquencies in Hire Purchase financing business of the Company in the past, the company had, in earlier years, made full provision for doubtful debts in respect of trade receivables amounting to Rs. 20457.13 lacs. These receivables are outstanding since considerable period of time. During the year, the Company has, on a prudent basis, written-off amounts aggregating to Rs. 19531.39 lacs out of the above trade receivables as not recoverable. Further, certain related receivables amounting to Rs. 479.20 lacs shown as advance recoverable have also been written-off during the year against which full provisions were held. Consequently provision held against such receivables and advances have been written back in the books of account during the year.
- Trade receivables amounting to Rs. 919.09 lacs vide Note No.-11 represent certain receivables against which legal actions/ settlements/compromises are in process. However, full provision is still held against such receivables.

32. The Company has not obtained Actuarial Valuation with regards to Employee's terminal benefits i.e., Gratuity and Leave Encashment as mandated by Accounting Standard 15 issued by the Institute of Chartered Accountants of India. In view of limited number of employee's left on rolls, the Company has made adequate provision for these benefits as on the Balance Sheet Date.
33. The Company is engaged primarily in the business of financing and accordingly there are no separate reportable segments as per the Accounting Standard – 17 'Segmental Reporting'.
34. Related Party Disclosure as identified and certified by the management:
- Related party disclosures as required under Accounting Standard 18 on "Related Party Disclosure" issued by the Institute of Chartered Accountants of India are given below:

35. In view of uncertainty of future taxable profits, the Company has not recognized deferred tax Asset (net of deferred tax liabilities) at the year-end.
36. The reconciliation of advance tax/ TDS recoverable with the related tax liability for the earlier years has been carried out during the year. The consequent impact of the same at Rs.533.62 lacs has been taken to profit and loss account under the head Tax Expense.
37. In opinion of the Board, the loans & advances and other current assets have a value, which if realized in the ordinary course of business, will not be less than the value stated in the Balance Sheet.
